I was shocked at my lack of style when it comes to design. But I'm happy that I was able to draw lots of girls! Thank you very much!

Raw Provider & Cleaner

This is my first attempt at actually cleaning a whole volume of manga (scans were my own) and I wouldn't say that it's perfect but I've tried my best.

Translator

I hadn't heard of the mangaka before, but this oneshot was one of the chapters in the volume that caught my eye. ^^ This was also my first time working with Sapphire Pyro and I'm looking forward to working with her again!
